Dear Pok-O-MacCready Parents,

Once again, the summer season is approaching and the Smith House Health Care Center joins Camp Pok-O- MacCready in preparing for summer. Located just minutes south of the Camp, the Smith House is directed by Dr. Anita Vigorito MD, a Board Certified Family Practice Physician. We are proud to offer your child the friendly personalized care of a family practice, combined with all the benefits of a modern diagnostic and treatment facility including acute, chronic, preventative health care, mental health, massage and physical therapy.

**Statement of Release:**

Although we work collaboratively, the Smith House and Pok-O- MacCready are separate organizations. Consequently, it is very important that you fully complete, sign and return back to Pok-O-MacCready, the enclosed Patient Statement of Release. This release will give to our Providers the authorization necessary to treat your child and, if necessary, to obtain medical information from your primary care provider.

**Fees/ Payments:**

The Smith House Health Care Center services will be billed separately. X-ray, lab work and prescriptions are not included in any services at the Smith House and will be billed by the appropriate separate facility.

**Insurance Billing:**

Many of our summer visitors have found that their insurance companies offer limited or even no coverage for out-of-network health care. **You must contact your insurance company in advance for information regarding your available coverage and provide to Smith House (via Pok-O-MacCready's health history request form) proof of this coverage prior to services rendered to your child. \*\*A legible copy of your insurance card, front and back must be included with your packet.\*\***

**If no coverage is provided, payment will be taken from the provided credit card information at a self-pay rate.**

Our staff is looking forward to the arrival of the Pok-o-MacCready campers. We wish your child a happy, safe and healthy summer.

Please feel free to call with any questions you may have about the information required or the Smith House Health Care Center.

Sincerely,

Christine A. Marsha  
Office Manager
