

Dear Camp Families,

**Pok-O-MacCready** has partnered with **Pack My Rx** works with **Direct Meds of Florida** to dispense your child's medications in convenient multi-dose strip pouches, labeled with your child's name, medication, and instructions. This helps our nurses save time, and avoid potential errors. It is important that you do not send your child to camp with medications. This is a safety precaution that we have implemented and your cooperation is greatly appreciated.

**Registration:**

- Registration opens on February 1<sup>st</sup>. **It is important to register as early as possible** to guarantee the timely arrival of medications to camp and to avoid any late fees. Please visit [www.packmyrx.com](http://www.packmyrx.com) to register.
- If you have used Pack My Rx before, your login information remains the same, but you need to create a new registration for each summer.
- Please fill out everything carefully. After registration is completed, modifications must be sent in via [email](#) and changed by **Pack My Rx**.

**Prescriptions and Insurance:**

- It is the parent's responsibility to send prescriptions to **Direct Meds of Florida** as early as possible and no later than one month before camp starts to avoid late fees.
- **Direct Meds of Florida** will fill a 30-day supply for all prescriptions and send to camp prior to your child's arrival. Please ask your insurance to allow a vacation override for the summer camp months. If your child is at camp for more than 30 days, a 30-day refill will be sent to camp. Any medication packed for camp that is not used at camp is sent home with your child.
- You may refill any necessary medication before camp starts, but do not fill prescriptions at home while your child is at camp. Leave any unused medication at home for use after camp.
- Most commercial prescription insurance plans are accepted. Medicaid is not accepted.
- Parents are responsible for all medication not covered by insurance and co-pays.

**Registration Fees:** Families will not need to send payment directly to **Pack My Rx**. Instead, Pok-O will add the following medication fees to participating campers' Camp Brain Accounts, which can be paid along with camp tuition and Blue Boar accounts. Pok-O will then pay **Pack My Rx** in one lump sum at the end of the season.

**\$60** per child, for a 30-day supply

**\$70** per child, for a 60-day supply

This does not include the cost of any medication.

30 days before your child arrives at camp, **Direct Meds of Florida** must have:

- **A completed registration**
- **All prescriptions for 30 days plus a refill or additional script for controlled substances**
- **Copy of insurance card if applicable**

The following **Late Fees** will apply if any of the above requirements arrives late:

**\$30 Fee:** if less than 30 days before camp starts

**\$85 Fee:** if less than 15 days before camp starts, this covers 2-day UPS shipping.

Please plan ahead and schedule physician appointments at least 1-2 months before camp starts. Last minute medication changes might be difficult for us to accommodate. **Late fees will also be added if there are medication changes within 30 days of camp, or if your child requires a new medication while at camp.**

**Remember: Register as soon as possible at [www.packmyrx.com](http://www.packmyrx.com) to avoid any late fees.**

**Pack My Rx** is happy to answer any questions and help with the registration process.
